Reasons for Allowance

1. ***Status of Claims:*** A non-final rejection was mailed out on 1/11/07, claims 1-10 were rejected. The Applicant responded to office action on 4/9/07, and added two independent claims 11-12. A Final rejection was mailed out on 6/28/07 rejecting claims 1-12. The Applicant responded on 9/28/07, the Applicant had cancelled claims 2, 4-5, 11-12. The Applicant added claim 13, and also added new limitations to claim 1. An advisory action was mailed out on 10/10/07. In the advisory action the Examiner stated that the newly added limitations require a more in depth analysis of Reiners and Shaw, and further searching would be required. The Applicant filed a request for reconsideration on 10/22/07. The Examiner has completed an extensive search, and re-read Reiners and Shaw.

2. The 112 rejection on claim 12 regarding the limitation, "recording keystrokes while accessing the account in a duplicate file" has been withdrawn. Applicant describes in the specification that all keystrokes are recorded, and the key log is duplicated(see pg. 2). The Applicant also describes that the keystrokes are logged to a duplicate file(see pg. 5).

Independent claims 1 and 13 also claim, "recording keystrokes", thus claim 12 is withdrawn from 112 rejection, claims 1 and 13, which claim "recording keystrokes", does not warrant a 112 rejection, as claim 12 has been withdrawn. The Applicant's remarks are persuasive, and thus the prior art of record Reiners and Shaw do not teach the amended claim features in view of clear record.

Allowable Subject Matter
